First Time in Church - Ukraine Crisis Story

Tags: Story, Ukraine

Today was the warmest day since the beginning of the war, 17 Celsius (63 F). And this warmth heated up not only our bodies but our souls also. In this way the Lord invigorates us during this dark time for the country. And God inspires us to care for the refugees.

Yesterday, we got closely acquainted with one man from a conflict zone. Up to this day he had never been in an evangelical church and among his acquaintances there was no one who had. We met him in the city when we were handing out bags of groceries and evangelizing. He wanted to help us and today he came to us at the church. Today he not only for the first time fellowshiped with Christians and was in a church, today was the first time he prayed together

Dear Tracy,

"Please stay with us. This is a real encouragement to us because we feel we are not alone." -Pastor in Ukraine

From March 20 – April 28, our SEND International family (500+ Christ-followers serving in 20+ areas around the world) is committing to pray for Ukraine, Russia, Europe, and the world for 40 days. We invite you to join us and ignite a global prayer movement, standing by our brothers and sisters in Ukraine. We believe that there is power in praying together.

Starting this Sunday, March 20, you will find a new prayer request posted each day at the top of send.org/ukraine-updates. You can also access the daily requests through the PrayerMate app:

1. Download the [PrayerMate app](#)
2. Open the app and select "add"
3. Scroll down to "Praying for Ukraine"
4. Select "SEND: 40 Days of Prayer for Ukraine, Russia, Europe, and the World"

On our website, you will also find [free downloadable resources](#) for churches including a 40 Days of Prayer slide and bulletin insert.

Let's stay with our friends in Ukraine and make an impact through prayer together!
